BODY TEXT AT 11 POINT

Equitable jurisdiction is not confined to rigid rules but is guided by reason, conscience, and the necessities of the case. Relief depends not upon the letter alone, but upon the just expectations fostered by conduct and circumstance. Courts look beyond form to substance, favoring reliance where it is justified and detriment would follow denial. Interpretation must hold faith with purpose; instruments are construed to effect intent, avoid absurdity, and promote fairness. Thus equity tempers rule with justice, that right may not be defeated by artifice.

WHAT WAS TRACED

Regular, Italic, and Bold A–Z, a–z, figures, symbols, and punctuation were reconstructed from the supplied raster. The Regular special-character and ligature rows were also traced. Small caps, extended Latin composites, unshown style-specific alternates, and figure features were systematically derived from those traced forms.

METHOD

Measured row segmentation; neutral-black isolation from the beige/red specimen; 16× antialias-preserving resampling; spline fitting; cubic-to-quadratic conversion; spacing normalization; kerning and OpenType construction. No third-party font file or donor outline was incorporated.
